The U2 series of printers has been upgraded!

While the U2 Standard is still in the market, they are not currently being manufactured.

The series is now offered in the following configurations:

- **U2 Smart** (½” print)

- **U2 SmartOne** (1” print)

- **U2 Pro-S** – Solvent based meant for printing on non-porous materials.

All of these can be purchased online at [https://shop.inkjetinc.com](https://shop.inkjetinc.com)
